## Schedule Your School Visit Now!!!

*"Kimberlee Gard's visit to our school was one of the highlights of our year. She was incredibly personable. She engaged with the children, who loved having her visit. She made reading come alive!"*

*Brenda Steers- Librarian at American Academy*

Kimberlee Gard is the award-winning author of several picture books including *The Learning is Fun Series* and *Snoozapalooza*. Her books have made best-seller lists and Vooks, a streaming app for kids, has transformed her titles into living story books that are now featured on Netflix. Yet, Kimberlee spent her childhood running from books instead of reading them. A learning disorder held her back until she was taught the tools to overcome her dyslexia. From this came Kimberlee's aspiration to write books for children and encourage others to believe that with determination, dedication, and persistence, any dream can come true.
